Rights of management of Sri Sri Sri Satynarayana
Mahaprabhu Bijē at Satyanarayana Temple Road,
Berhampur, Dist. Ganjam.

Respected Sir,

I beg to inform that Sri Sri Sri Satyanarayana
Mahaprabhu Bijē in his temple located at SMT Road, Berhampur
was constructed installed with the deity and consecrated in
1933 endowing with lot of gold and silver articles, very
valuable properties consisting of Ac. 117.97 cents of cultiable
lands at village Chandanbada under Berhampur Taluk, Ac. 22.26
at Chamakhandi under Chatrapur Taluk, Ac. 10.4 at Allipuram
under Berhampur Tahasil and four tiled houses at Kokavari
Street at Berhampur by our fore-fathers late Pakanati Krishna-
murty and his brothers, for the bhogaraga, nityannadan, Nitini-
yam, jani jatra and its management keeping the temple for the
public darsan and worship of deity. At a latter course of time
late Pakanati Venkata Jaganath Rao son of Late Pakanati Krishna-
murty took control and management of the temple and all the
properties of the diety with the consent of his agnates, as
trustee appointed and recongised by the Hindu Religious Endow-
ments, Orissa. Said late Pakanati Jaganath Rao for himself and
of the diety executed Regd. Settlement Deed No. 4099 of 1956
clearly reciting and stipulating that after his death, his
brother's son P.V.Narasimha Rao will be the hereditary trustee
to manageme the diety, temple and its properties, affairs for
his generation to generation as late P.V.Jaganath Rao had no
issues of his own. Pakanati Jaganatha Rao died on 30.10.1991.

~~Expired~~ P.V.Narasimha Rao expired on 12.1.1998
Myself being only son of Late P.V.Narasimha Rao, alone is
entitled to act as the hereditary trustee of the temple, diety
and the properties thereof. I succeeded to the office of
hereditary trustee of that temple. After death of my father,
when I wanted to take charge of management.

Very alarming to me, now as I learnt is that somebody disposed off immovable properties of the deity consisting of lands at Chamakhandi under Chatrapur Taluk and Chandanbada village under Berhampur Taluk in Ganjam Dist. illegally. Such clandestine wrongful act as I came to know now, I submit that such alienation of Dwottar land and properties is void and the legal steps for invalidating such alienation of property will be taken in course of time after your honour accords permission for such legal step in the court for and on behalf of the deity.

The affairs of the deity and temple are not being properly managed. Daily nitiniyam, bhogaraga and jani jatra of the deity not being performed now as before. The income of the temple properties, its accounts and records are kept by Sri P. Suryanarayana Rao for the period of ~~P.V. Jaganatha Rao~~ FROM 20th .4.1990 to till this time.

I being the only son and successor of late P.V. Narasimha Rao of Berhampur, I am entitled to act as the Hereditary trustee of the temple and its properties. I am herewith enclosing a xerox copy of the Settlement Deed Regd. Document No. 4099 of 1956. An English rendition of that document in Telugu Script is herewith filed.

Therefore, I request your honour to consider the above facts and materials and to make appropriate enquiry into the matter and to appoint me as the Hereditary trustee of that temple as per the Regd. Settlement of Late P.V. Jaganatha Rao and its properties for affective and proper management and for preservation of deity's properties from being unlawfully alienated by anybody as I have great interest to develop the temple in flourishing manner resorting its past fame and familiarity and to accord permission to me for initiating legal proceeding in my capacity as hereditary trustee for nullifying the unlawful alienation of that temple properties.

Thanking you,

Yours faithfully,

P. S. Venkateswarulu

Commissioner of Endowments, Berhampur Rejecting their prayer
U/s.41 of O.H.R.E. Act, 1951 for a declaration that the
petitioner-appellant No.1 is the private deity of appellant

No.2.

2. The case of the petitioner-appellants is as
follows:-

THE appellant No.1 was founded by the adopt in
father of appellant No.2 as the latter's private deity for
the spiritual upliftment of the family members, The founded
who are the father of appellant no.2 had endowed ac.20.80 ac

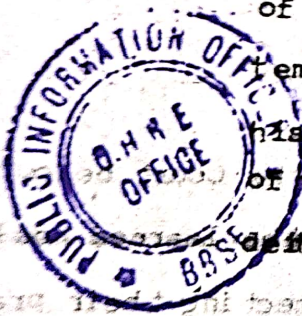

of land for the subsistence of the deity. He also constructed a temple and installed the idol therein. Since the very date of its installation, the deity as well as the temple as being managed by the father of the appellant no.2 and after his death by the appellant no.2 himself. The general Hindu public have no right of worship in the temple in question though they are permitted to have person of the deity and to perform sacred thread and marriage ceremonies in the temple premises on payment of the prescribed fees. Hence, the appellants-petitioners filed application No.41 of the

O.H.R. Act before the Addl. Asst. Commissioner of Endowments, Berhampur, for a declaration that appellant no.1 was the private deity of appellant no.2 and the properties recorded in favour of the deity are the private properties of the appellant No.2.

3. O.Ps. 2, and 3 in their counter fully supported the claim of the petitioners. XXX O.P.no.4, the Inspector of Endowments, Berhampur though disputed the private character of the deity, admitted that the deity was installed and the temple was constructed by the father of appellant no.2 on his own private land out of his own funds and the members of the public never took part in the management of the deity or its properties.

4. The learned Addl. Asst. Commissioner of Endowments, Berhampur rejected the prayer of the petitioners on the following grounds :-

- (1) There were discrepancies in the evidence led by the petitioners regarding the year of construction of the Temple.
- (2) From the management file the learned Addl. Asst. Commissioner came to know that that the father of the appellant no.2 obtained a piece of land from the Berhampur Municipality free of cost and constructed the temple thereon.

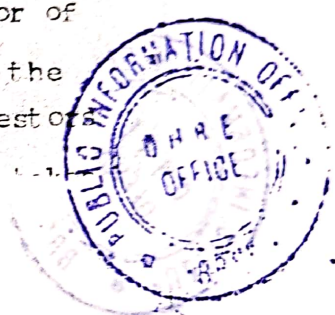

34

3

(3) The witnesses appearing for the petitioners deposed that the general public used to visit the temple regularly during a specific hour of the day.

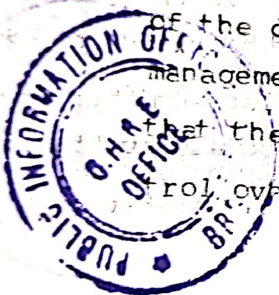

(4) The public used to performing thread and marriage ceremonies in the temple premises on payment of certain fees to the management.

5. All the witnesses examined on behalf of the petitioner No.2 out of ~~xxx~~ his own funds and the did not contribute anything. The Inspector of ~~pur~~ in his counter also admitted that the ~~stion~~ was founded solely by the ancestor ~~have~~

ground to hold that the temple is public. The fact members of the public used to perform thread and Ceremonies in the temple premises on payment of fees, ipso fact goes to show that the ho monies in side in the temple is not a matt

8. From the evidence it is clear in-question adjoins the residential ho no.2 . It is also admitted that there on towards endowments of the deity ~~public~~ or for the upkeepment of of the deity. There has been no management of the institution that the public have at any rol over

10. In the result, the appeal succeeds but in the circumstances without any cost. The Appellant No.1 is hereby declared to be the private institution of Appellant No.2

Pronounced in the open Court to-day the 26th day of May -1989.

1. This is a case u/s. 41 O.H. R. E. Act in which the petitioner prays to declare the institution of Sri Satyanarayan Swamy, Varu Bhapur at Berhampur Town along with its endowments as a private one.

The case of the petitioner in a nutshell is that the ~~se-resaid~~ aforesaid institution was founded by P. ti Sri Krishna Naidu (Adoptive father of this petitioner P. Jaganath Rao) in the year 1929 with the intention to effi-
 ate the spiritual benefit to his family and descendants and to perpetuate his memory as the founder. Then he endowed Ac. 32.30 dec. of land to the deity for its daily seba puja. In the year 1933 the construction of the said temple was completed and the deity was installed therein. Since then adoptive father of the petitioner was personally doing se puja of the deity and after his death in the year 1950, the petitioner came in to management of the deity and its endo-

ments, being the legal heir of P.A. Murty Baidi. According to the petitioner, the deity in question is the private deity of his family and no public has any right to worship. Actually the management of the case institution has never been entrusted to any out sider public. Hence the petitioner claims that the above institution along with its properties as described in the schedule of the petition is not a public religious institution but is a private one.

3. Both of the respondents No. 2 and 3 representing the Hindu Public file separate counters admitting the claims of the petitioner. Respondent No. 4 files a counter admitting a part of the petition and denying the rest. According to him the institution in question was solely founded by the ancestors of this petitioner and the local public did never take part in its management. But Hindu devotees freely visit the said temple to worship the deity. Also sacred ceremonies like the marriage ceremony of different public are performed inside the said temple on payment of some nominal charges to the institution. Further the petitioner regularly submits statutory returns before the Endowment Authorities and pays contribution dues. The accounts of the institution are also audited by the auditor of Endowment Department. Hence respondent No. 4 prays for a just and proper decision of the case having regard to the evidence available in record.

4. In view of the above pleadings of the parties, the following issues have been framed for determination.

Issues

1. Is the case maintainable as framed?
2. Is there any cause of action for institution of this case?
3. Whether the institution in question along with its endowments is a public religious

(51)

- 3 -

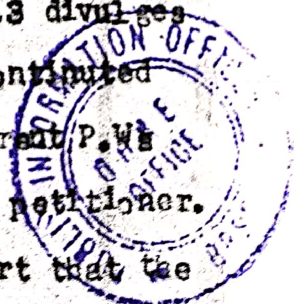

inst. or a private one ?.

2. To what other relief or reliefs the petitioner is entitled ?.

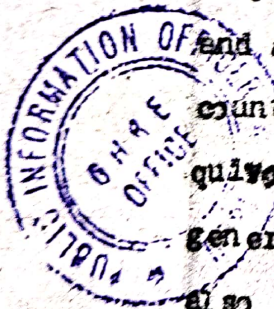

FINDINGS

5. Issue No. 3:- This being the most vital issue involved in the instant case is taken up at the outset for consideration.

As per the case of the petitioner, his adoptive father constructed the case temple, installed the deity therein, endowed Rs. 32.30 dec. of his self acquired properties to the deity for its daily seba puja and began to manage the institution personally till his death in the year 1950. In support of such contentions, four witnesses have been examined including the petitioner himself. Curiously enough, none of them has been able to give any definite as well as convincing particulars regarding the time of construction of the temple, the expenditures incurred in the said construction work and the different sources of finance utilised in the same. Rather all the independent witnesses, such as, P.W. 2, 3 and 4 express in open court during their cross examination that they have no direct knowledge regarding the above matters ^{relating to} ~~regarding~~ construction of the case temple. Further when P.W. 1 says that the temple was constructed in the year 1933, P.W. 4 reveals that the construction started in 1929 and was completed in 1933 and P.W. 3 divulges that the construction started in March, 1933 and continued for one year. Such variegated statements of different P.Ws cast a shadow of doubt on the alleged case of the petitioner. Furthermore the petitioner (P.W. 1) states in court that the case temple was constructed on a piece of private land of

his own family. Neither the relevant R.O. R. (Ext. 5) reveals so, nor has any documentary evidence been proved to that effect. Rather the application dated 7-10-38 of late P. Krishna Murthy Naidu (Adoptive father of the petitioner) as available in the management file goes to speak that the land on which the temple stood was obtained freely from Berhampur Municipality in the year 1921 and construction started in the year 1928. All the above discussed facts and circumstances put me in a quandary and it becomes difficult to decide whose version is to be believed and whose version is to be discarded. Truth to speak, the petitioner has utterly failed to prove the case institution along with its endowments as a private one, particularly when the burden of proof, as an established principle of law, lies heavily upon him. It is further more interesting to note here that all the P.Ws examined in this case reveal certain important materials which manifestly satisfy in almost all respect the characteristics of public religious institution and at this the same time lend adequate support to the counter of respondents No. 4. All the P.Ws reveal in an unequivocal manner during their cross examination that the general public have free access to the case temple. They also celebrate auspicious ceremonies therein. P.W-1 categorically admits during cross examination that for those sacred ceremonies a certain amount of fees is accepted from public on grant of proper receipts. Also the petitioner's clear admissions in connection with the filing of statutory returns before the endowment authorities under the provisions of O.H.R.E. Act, showing accounts of the institution to the auditor of endowment department authorities for due audit and

95

93

regular payment of contribution dues, being coupled with different papers and documents regarding the above transactions as available in management file clearly indicate the public nature of the institution.

It would not be beyond the context to mention here that the Photograph of the temple filed in this case shows that the temple in question is a projective one. P.W. 1 admits during his examination in court that the case temple stands in a separate campus and not inside the boundary of petitioner's residential building. Also it appears from the available evidence and papers of management file that it (temple) stands at the centre place of Berhampur Town and a huge number of pious public visit it daily to have Darshan of the deity. Of course it is true that the fact that a number of pilgrims visit the temple for worship regularly need not in all cases lead to the conclusion that the temple is public. But in absence of any good and definite evidence, that the temple in question is a public private one, the mere fact that it is visited by a large number of persons among the Hindu Public without a restraint for a number of years will be good evidence for the fact that the temple had been dedicated to the Hindu Public and was for its benefit. Here in this case, in addition to the above fact of regular visit of the case temple by a huge number of public without restraint, there is a plethora of circumstantial evidence being buttressed by adequate oral admissions of the petitioner witnesses (including the petitioner himself) pointing to the public character of the institution along with its endowments. Hence this issue is answered against the claim of the petitioner.

6. Issue No. 1, 2 and 4. It has already been held by me in the foregoing issue that the institution in question along with its endowments is not a private one but a public religious institution. Also the petitioner is found to have not specially pleaded any good cause of action for initiation of the instant proceeding. Consequently, this case is neither maintainable as framed nor is the petitioner entitled to the reliefs sought for. Thus, it is ordered accordingly.

Order.

The case is dismissed on contest, parties are to bear their own cost.

In the matter of Sri Sri Satyanarayana Temple,
At Po. C.R.T. Road, Berhampur, regarding administra-
tion Sri P.V. Jagannath Rao, Hereditary Trustee of
Sri Satyanarayana Swamy, Berhampur (Objector).

Application filed by the objector most
respectfully sheweth:-

1. That the objector has been hereditary trustee
of the deity and the deity is a private deity of
the petitioner.
2. The objector has filed an application u/s. 41
of O.H.R.E. Act which is pending in O.A. 5/85 in the
Court of Asst. Commissioner, Berhampur which is now
pending in M.J.C. 3/86. While the said case u/s. 41
of O.H.R.E. Act is pending the objector submits that
it would not be possible now to produce and submit
the papers and accounts etc., as required in the
notice which might be prejudicial to his case.
3. That some of the records called for are ready
and some are under security, finalisation of which
will take some more time. The temple is however
maintaining accounts and registers and is having
Bank deposits and Accounts. As required previously
by the Asst. Commissioner, the undersigned, without
prejudice to his rights however has submitted
statements of income and expenditure, Budget and

Sir,

Sri P.V. Jagannath Rao is the person in management of
Sri Satyanarayan Swamy temple, At/po-Berhampur, Dist. Ganjam. has not
submitted Budget Estimate, Property Register and Income Returns. That
apart I had called upon him to produce the following records before
me in my memo no. 1067 dt. 20.12.85 for my scrutiny. He did not produce
and applied for time. There after he did not produce those records
before me. Hence it is evident that he is not maintaining any records
as prescribed and not submitted any statutory returns and is mis-
appropriating the properties of the deity. So his continuance in
management is detrimental to the interest of the institution.

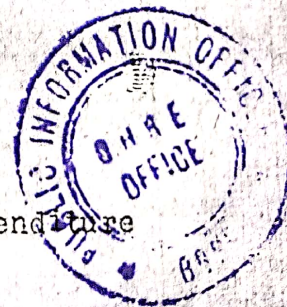

I request you to kindly start proceeding u/s.23 and 70

for the purpose of carrying out daily niti during
the year 1983-84.

Ref:- Memo No.1418/1110-G(M) dt.5-2-83 forwarding a
copy to the H.T. for information and necessary
action.

Sir,

With reference to the above matter, I have to place
the following facts for your kind consideration and favourable
orders on the points raised namely -

1. Assets and Liabilities :-

(a) Gold :

The deity possesses gold ornaments weighing about
60 Tolas of gold worth Rs.1,21,300.00

(b) Silver :

There is also 3,400 tolas of silver ornaments in the
possession of the deity worth about.. Rs. 88,300.00

There is no liability against the Institution.

2. Reserve Fund at the credit of the Institution :-

Rs.8,000/- has been invested in the Bank in shape of
fixed Deposit earning an income of Rs.800/- a year towards
interest.

3. Necessity to incur loan and if incurred, the scheme for
repayment :-

The lands given to the deity in Chandanbeda village
are rainfed lands. There is no fixdity in the income of
paddy. Some of the lands are being cultivated by the temple

Contd...(2)

under my chash and some are given to royats. In this year due to scanty rains, the crop totally failed, and no income is derived, and in fact this area is going to be declared as draught area.

There are lands in some other villages and in this year, about 10 cartloads of paddy are received therefrom.

Generally the annual consumption of paddy for this Institution is about 20 cartloads of paddy for daily bhog and festivals, and towards Kattedies of the temple archakas and servants in a year. If this is the state of affairs, the Hereditary Trustee is perturbed how to maintain the aforesaid niti etc. with a scanty income of 10 cartloads of paddy for the year.

Hence he applied to the Commissioner for permission to incur loan for purchase of short-fall of paddy.

As regards repayment of loan, it may be pointed out here that the H.T. has already moved the Commissioner of Endowments to dispose some of the lands U/S.19 of the O.H.R.E. Act, 1951 in the village of Chandanbeda which are not irrigated lands, being dependant upon rain only.

In case permission is accorded in a shorter time to put the lands in sale, the sale amount can be deposited in the Bank and the loan can be cleared up out of the said sale amount; and the balance may remain in the Bank as Fixed Deposit to fetch interest.

4. Whether the loan is interest bearing or interest free :-

Generally the loan bears interest. In this case also the loan will have to bear the interest.

5. Annual income of last three years :-

<u>Year.</u>		<u>Income.</u>
(a) 1979-80.	..	Rs. 25,870.00
(b) 1980-81.	..	Rs. 42,320.00
(c) 1981-82.	..	Rs. 32,520.00

In view of the above circumstances, the Hereditary Trustee prays that necessary sanction may please be accorded for incurring loan as prayed for; and for which act of kindness, the Hereditary Trustee remains grateful.

Yours faithfully,

Sir,

The accounts of this temple have been audited in September '81 but no report has been received so far. On enquiry at your office, I have been told that the same would have been sent to Assistant - Commissioner, Hindu Religious Endowments, Hindu Religious Endowments, Berhampur, but no report seems to have been received by them.

I request you, therefore, to enquire into the matter and the report sent to me at an early date.

Yours faithfully,

Sir,

Ref No

This temple has Ac.150-00 of cultivable rainfed lands in its possession and gets on an average 30 cart-loads of paddy every year. But this year, due to draught, excepting for Ac.30 of land in Chammakandi & Allipur areas, in which the yield is only 50%, the crop in the rest of the area at Chandanbada is nil. Only about 5-6 cart-loads of paddy can be realized this year. The consumption in the temple is 31 cart-loads every year for Bhogum & Phajantri. So, atleast 15 carts of paddy has to be purchased this year. Further funds available in the temple, it is not possible to purchase the required quantity of paddy. As the prices of paddy have gone up due to draught in the district, atleast Rs.15,000/- is required for the purpose.

As such, permission may please be granted for raising a loan of Rs.15,000/- (including interest) from private sources, at an early date to enable me to purchase the paddy in January '83 before the price of paddy shoots up.

Yours faithfully,
